Sticks, Slices & Dogs Toys Lineup

2026-v2.1 Uk

Meet Doggy Chew

As the producers, we oversee every stage of production, from the careful selection of our raw materials to the finished product. This allows us to ensure flawless quality and provide sticks that are 100% natural, long-lasting, and safe for dogs.

When you work directly with us, you get the benefit of our expertise and unique craftsmanship, completely cutting out the middleman.

Our Product Lines

Our chew sticks (Sticks) come in two separate lines to suit every need:

Java Cinnamon Wood Sticks: Renowned for their subtle, enchanting, and pleasant aroma, these sticks provide an alternative for dogs that prefer a different kind of chew. An irresistible exclusive Chew, just for dogs.

Java Coffee Wood Sticks: Made from the wood of sustainably cultivated coffee trees, these sticks are especially tough. They are perfect for dogs that are strong chewers.

Java Coffee or Cinnamon Wood Slices: Enjoy the same quality as our wood sticks in an innovative new format. These slices make chewing easy and are specially designed for puppies and/or senior dogs.

Gorilla Wood - Java Coffee Wood: Our Gorilla Wood line, made from Java Coffee Wood, is engineered for extreme durability to satisfy the most powerful chewers.

Line of Coconut Rope and/or Coffee/Cinnamon Wood Toys: Featuring a diverse selection of shapes, from simple toys to intricately detailed designs, our range has something for every purpose. The combination of coconut rope and wood supports good dental hygiene and fulfills a dog's natural chewing instincts.

Line of Pandan Rope Toys: Select toy designs are also offered in a pandan rope construction. Featuring a more premium look, the fiber derived from pandan leaves is known for its many medicinal benefits, such as helping to regulate blood sugar, improving blood pressure, and providing antioxidant properties.

Order & Shipping

Order & Shipping Options

To offer you maximum flexibility and speed, we process your orders from our stock in **Belgium & UK**.

We manage shipping and logistics for you throughout Europe.

Please note that we process orders with a minimum value of €1,000.00 (excl. tax).

We offer an Ex Works (EXW) shipping option directly from our workshops in Indonesia. When you choose this solution, you manage the logistics and costs for international transport from our production facility. In exchange, you benefit from a special 35% discount across our entire public price list. (This option is only available for our Standard Pack packaging).

Packaging Process

To better suit your needs, we offer two packaging options:

Standard Pack: Measuring 40 x 40 x 25 cm, this packaging is ideal for standard-sized orders.

Go Pack: Measuring 37.5 x 25 x 16 cm, this more compact size is perfect for smaller orders. This size is only available for select products.
